The City of Spanish Fort and the Delta Woods & Waters Expo Committee have made the difficult decision to cancel the 2021 Expo, which was scheduled for April 22-24, 2021. Sponsored by the City of Spanish Fort and the 5 Rivers Delta Resource Center, the purpose of The Delta Woods & Waters Expo is and has always been to educate citizens, particularly youth and children, in the knowledge and value of the environment and wonders of the beautiful Mobile-Tensaw Delta. Because the Baldwin County School System are unable to take off-campus field trips due to pandemic safety restrictions, the decision has been made to postpone the Expo until our school children can take part again. The Committee and the City of Spanish Fort are disappointed to cancel the event this year, but we are using this time to organize the best 2022 programming for our school children.

Plans are already underway to hold the 12th Annual Delta Woods & Waters Expo on April 28-30, 2022. Mark your calendars for this exciting return to the Delta, where we will once again celebrate the amazing natural resources right here in Spanish Fort's backyard.

Carolyn Walthall
Delta Woods & Water Expo Committee

Michael M. McMillan
Mayor
City of Spanish Fort
